Open Educational Resources

WHAT IS OER?

- Digital open (OER) courses can be taken individually or to complete programs.
- The William and Flora Hewlett Foundation and reuse knowledge.

Open Education: "is the simple and powerful idea that the world's knowledge is a public good and that technology in general and the Web in particular provide an extraordinary opportunity for everyone to share, use, and learn knowledge." -The William and Flora Hewlett Foundation

OER EXAMPLES

- Textbooks
- Streaming videos
- Tests
- Software
- Any other tools, materials or resources include full courses, course materials, modules, textbooks, that permits their free use and re-purposing by others. Open educational resources are teaching, learning, and research resources that reside in the public domain or have been released under an intellectual property license "OER are teaching, learning, and research resources that reside in the public domain or have been released under an intellectual property license that permits their free use and re-purposing by others. Open educational resources include full courses, course materials, modules, textbooks, streaming videos, tests, software, and any other tools, materials or resources that permits their free use and re-purposing by others. Open educational resources are teaching, learning, and research resources that reside in the public domain or have been released under an intellectual property license that permits their free use and re-purposing by others. Open educational resources include full courses, course materials, modules, textbooks, streaming videos, tests, software, and any other tools, materials or resources that permits their free use and re-purposing by others. WANT TO KNOW MORE?

- NOVA's ELI Librarian was selected to join a cohort of open education library leaders from across the state to support making freely use, revise, remix and repurpose the materials towards creating a fully-OER liberal arts degree pathway. This degree pathway to help other institutions offer zero textbook cost degrees. Published with open, Creative Commons licenses, anyone can adopt this approach to addressing access, affordability, and student success through use of open practices in teaching face-to-face, online and hybrid courses.
- NOVA's ELI is the recipient of the 2014-2015 VCCA Open Textbook Network Campus Initiative grant.
- NOVA's ELI has partnered with Lumen Learning to create ACHIEVING THE DREAM OER DEGREE present and LORE INTITIATIVE grant.
